TO: Tour Commanders & Desk Officer
FROM: John Kassimatis
DATE: January 16, 2007
SUBJECT: District Attorney's Release for Impounds

REFERENCE: AMOC 10-07

Any vehicle impounded, will no longer be given a grace period from the date of the District Attorneys/ TLC release. Effective January 15, 2007 any vehicle coming into Port Authority Police custody will have the storage rate calculated from the date of the first 24 hour period in our custody as indicated on the calculation chart. This does not eliminate the need for a District Attorneys Release/ TLC Release. The only exceptions to this are vehicles that are stolen recovery, which are given a grace period of 72 hours from time of recovery, and vehicles impounded for accident investigation.

Effective January 15, 2007, a District Attorney's / TLC release will still be required to release an impounded vehicle. Storage fees will be calculated from the date of the first 24 hour period in our custody for all vehicles that are presently in Port Authority Police custody including those impounded prior to January 15, 2007.
